FENGDA GROUP PROFILE

丰大集团简介

丰大集团创立于1985年，总部位于安徽合肥。集团历经四十年发展，已成为拥有农业产业、酒店文旅产业、金融投资产业三大产业的大型民营企业。酒店文旅产业已建成的有北京丰大国际、合肥丰大国际、黄山丰大国际、宿州丰大国际、南京丰大国际、安庆丰大国际六家高端酒店。

Founded in 1985, Fengda Group is headquartered in Hefei City, Anhui Province. Thanks to forty years of development, the group has become a large-scale private enterprise with three major industries: agricultural industry, hotel and tourism industry, and financial investment industry. The hotel and tourism industry has built six high-end hotels, including Beijing Fengda International, Hefei Fengda International, Huangshan Fengda International, Suzhou Fengda International, Nanjing Fengda International, and Anqing Fengda International.

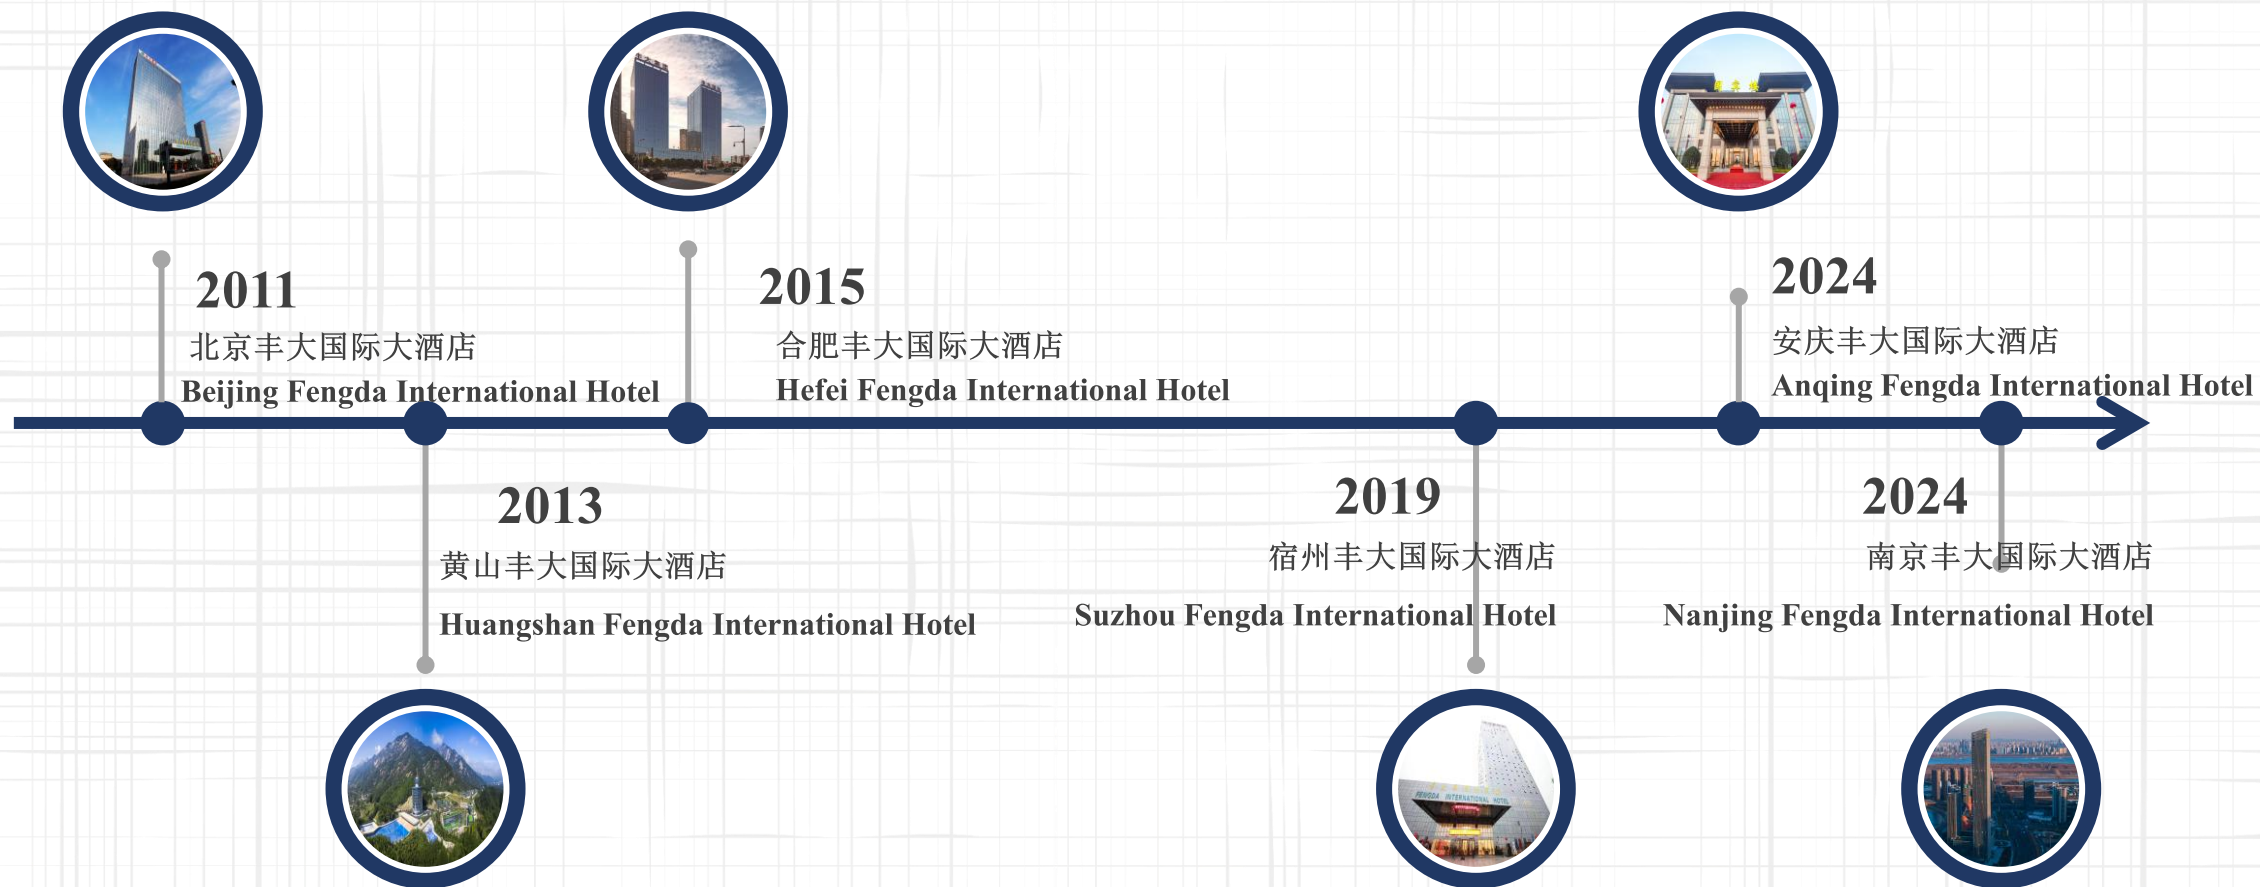

南京丰大国际大酒店是安徽丰大集团投资建设的第六家五星级酒店，是丰大酒店进军长三角、布局一线城市的新起点和新标杆。酒店位于南京市江北新区核心区，与鼓楼、河西一江之隔，遥相呼应。联动形成南京双主城拥江发展新格局，塑造江北新主城地标建筑，以“五星标准、大众化消费、至尊服务”理念，致力于打造酒店行业新标杆。

Nanjing Fengda International Hotel is the sixth five-star hotel invested and built by Anhui Fengda Group. It is a new starting point and new benchmark for Fengda Hotel to enter the Yangtze River Delta and lay out first-tier cities. The hotel is strategically situated in the core area of Nanjing's Jiangbei New Area, diagonally opposite to the traditional districts of Gulou and Hexi, separated only by the grand Yangtze River, with a panoramic view that reciprocates the distance. This geographical interplay gives rise to a novel urban development pattern for Nanjing, characterized by the dual-city structure hugging the riverbanks. The edifice is poised to become a new landmark of the northern bank, adhering to the philosophy of "five-star standards, popularized consumption, and supreme services." It is dedicated to setting a new benchmark in the hotel industry.

POSITION ANALYSIS

区块分析

南京丰大国际大酒店项目选址于江北新区核心区，东临长江与南京青奥体育公园，西接城南新城和老山国家森林公园，南邻研创园科创中心，北抵城南河及沿畔CBD商务区，与鼓楼、河西区遥相呼应，联动形成南京双主城拥江发展新格局。

The **Nanjing Fengda International Hotel** project is sited in the core area of the Jiangbei New Area, flanked by the Yangtze River and the Nanjing Youth Olympic Sports Park to the east, and contiguous with the Chengnan New City and Laoshan National Forest Park to the west. To the south, it is adjacent to the Yanchuangyuan Science and Technology Innovation Center, while to the north it borders the Chengnan River and the riverside CBD. It echoes the Gulou and Hexi districts from across the river, collectively forging a new pattern of dual-city development along the riverbanks, which defines the evolutionary trajectory of Nanjing's urban landscape.
